

BLISS SERIES

Himel

FOUNDED IN SPAIN IN 1958

RANGE OVERVIEW

Bliss switches and sockets are attractively designed to offer an alternative to traditional white switches and sockets with multiple combinations of panel shapes and colors along with a large variety of functionality. Furthermore, they are totally customizable to meet all residential requirements.

Designed with **fireproof** polycarbonate with reinforced interior plates, every Bliss product is **robust** and durable. Bliss is available in 3 different frames:

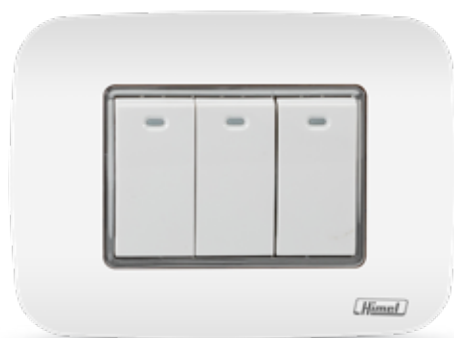

BLISS OVAL

An alternative to traditional white switches and sockets, streamlined design and elegant colors.

BLISS FLAT

High-class electroplated frame that seamlessly integrates into any smart home, with Himel smart module compatibility.

BLISS CURVE

Attractive finish that suits all types of applications.

BLISS CURVE

EUROTYPE

FEATURES

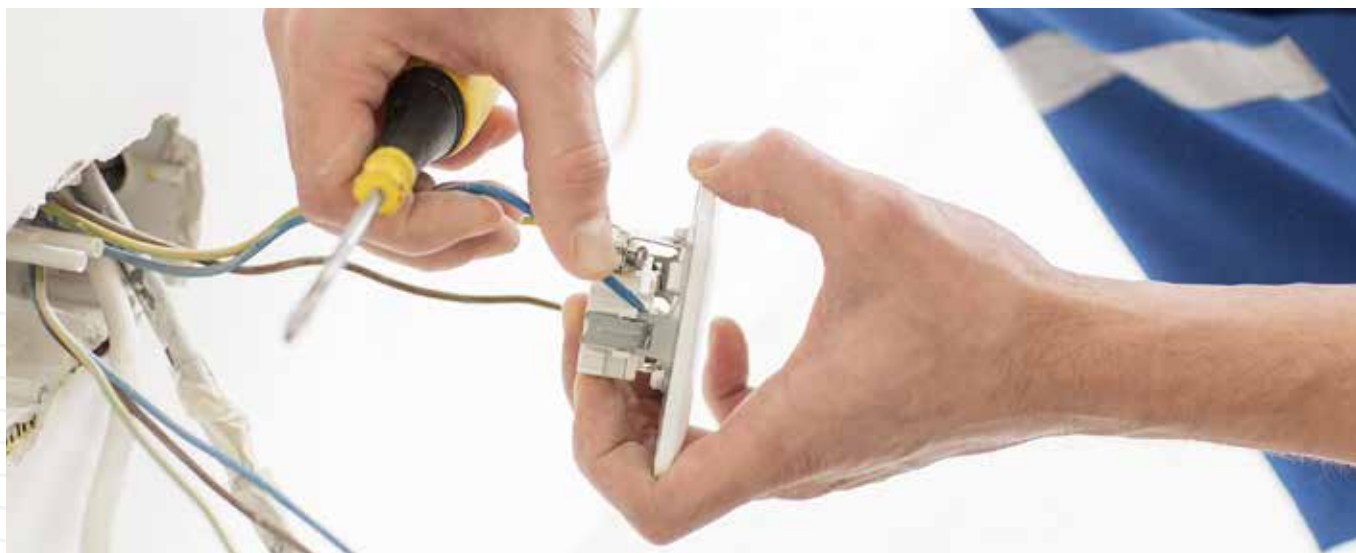

- ◆ Euro and Modular plates available
- ◆ **3 different frame designs** (Oval, Curve and Flat)
- ◆ High grade PC, flame retardant and **impact resistant**
- ◆ Reinforced honeycomb structure for longer life and stronger support
- ◆ Works with Himel Smart Products
- ◆ **22 colors** and 3 different finishes (plain, metallic and wood)
