

# Safe 2

## Visor Carrier Standard

Visor solution for safety helmets and hearing protection. The Safe 2 visor carrier is designed to be combined with safety helmets and visors, with or without hearing protection. The carrier is suitable for helmets without cut-outs for earmuffs or when the helmets earmuff attachment slot is placed aligned with the helmet brim. Read our guides on how to select the correct visor carrier to your safety helmet.

### 1. Safe 2 Visor Carrier

Article nr: 20901-001

## Overview

### Quick and easy visor assembly

The face protection system mounts easily to any Hellberg hearing protector as well as safety helmets and stand-alone visor carriers. And it is as easily removed, perfect for when you are switching between different work tasks in noisy environments.

### Two positions

A smooth pivot movement to lift the visor up into a firm stand-by position, and back to working position.

### Features

- For straight brimmed helmets
