

Part no. 5000-602

FUNCTION

The MiniDisc remote indicator is a light weight, compact indicator for use in fire protection systems. The indicator may be used in all installations incorporating detectors, including Series 27™, Alarm Sense, Orbis, Explorer, XP95®, Discovery and I.S. Detectors.

FEATURES

The Minidiscs remote indicator is only 20mm high and 80 mm in diameter. It comprises two parts -the base which is installed onto a wall or soffit and which is fitted to the base with a bayonet lock.

An anti-tamper screw in the lid locks the unit together. Two pairs of keyholes are provided - one for 50mm and the other for 60mm fixing centers.

The Minidisc Remote Indicator is polarity sensitive. Connect positive line to Terminal A or B and negative line to Terminal C. (See table opposite)

ELECTRICAL CONNECTIONS

Detector Range Connections
